MEEHAN'S NURSERIES

DRESHER
MONTGOMERY CO.
PENNA.

Trade Price List

1940

Information

All nursery stock is well grown and handled. All orders are carefully dug and packed. Your inspection is cordially invited at all times.

LOCATION

Our nursery is located 6 miles north of the city limits, Philadelphia, Pa. Motoring from Philadelphia, proceed north on Broad Street, turn left on route 152 (Limekiln Pike) and continue on same direct to the nursery. Railroad Station: Glenside, Pa., on the Reading R. R.

BALL AND BURLAP

Prices quoted include B&B on all varieties of evergreens and other items where specified as "B&B." Special quotations for "B&B" on other items gladly given on request.

SPECIMEN MATERIAL, ETC.

In addition to stock listed herewith we can furnish many other varieties of special merit but not generally called for. We can also supply larger and smaller sizes in most of the varieties listed.

PACKING

Boxing and baling extra at cost. When cash is sent with order add 15% of invoice to cover packing charges.

DELIVERY

Freight and express station, Dresher, Montgomery Co., Pa. Our trucks also available for deliveries up to 150 miles, at reasonable charges.

RESPONSIBILITY

After goods are placed on board cars we assume no responsibility for their safe delivery or any injury caused by delay in delivery by the transportation company.

CLAIMS

We will gladly correct any errors, provided claims are made within 10 days of receipt of goods.

QUANTITIES

Five of any one size and variety furnished at the rate quoted per 10; 25 at the rate quoted per 100.

Formosa Bamboo Canes

Good Shade Trees are always in demand and nurserymen now realize that when they go to the labor and expense of planting a block of trees it pays to have every tree produce revenue. Crooked and "bow leg" trees are a dead loss. It pays to buy stakes and make every tree salable. First cost is very little as our stakes can be used over and over again. Due to present unsettled conditions in the Far East importations are uncertain, but we are fortunate in having a good supply on hand and can promise immediate shipment.

Bales of (400 canes) 4½' long, ¾" dia., @ \$15.00
Bales of (350 canes) 6' long, ¾" dia., @ \$14.75
Bales of (400 canes) 7½' long, ¾" dia., @ \$19.50
Bales of (250 canes) 9' long, ¾" dia., @ \$17.00
Sold in full bales only.

Galvanized Steel Wire Stakes

4 ft. long @ \$2.00 per 100, \$15.00 per 1000.

Granulated Peat

Finest material for propagating purposes or for mixing with soil to loosen it up and add humus. Especially is this necessary where ericaceous plants are propagated. Mixed with sand in your hot beds will give you a better stand of softwood cuttings and reduce fungus and damping off. For winter mulching of lawns and for all kinds of flower and seed beds it is far superior to manure, as it does not have to be raked off in the Spring and does not contain weed seeds.

We are handling only the very best quality. All brands are not alike in quality. Some brands appear to be cheaper, but there is a great difference in quantity packed in bale. Most cheap brands have 14 to 16 bushels per bale. Our bales run 20 bushels, dry weight. Therefore, in our bales you get a greater quantity of Peat.

Due to present unsettled conditions importations are infrequent and undependable, therefore making it unwise to list firm prices. Write for special quotations.

Raffia

We are HEADQUARTERS for Raffia for budding and tying purposes and our brands are the Standard of the Raffia market.

The LEADING nursery firms demand the best—A. A. Westcoast—others find XX Superior or Red Star suitable for their purpose.

Send for our price list before buying, or, better still, just place your order with us and we will give you our best price.

Rubber Budding Strips

Write for samples and prices.

Nursery Supplies

We carry in stock a full line of Spades, Pruning and Budding Knives, Pruning Shears, Labels, and Tree Callipers. Write for special price list.
